- Manufactured under alkaline (acid-free) conditions for increased longevity and performance

Electronic Imaging Guarantee

- Specifically designed to run on high speed ink jet presses with in-line binding treatment capability
- Laser compatible and suitable for offset pre-printing

Domtar Performance Commitment

Domtar's digital and inkjet products are designed and recommended for digital and inkjet production presses, desktop printers (laser and inkjet) and copiers within the limitations specified by the original equipment manufacturer.

We partner with leading OEM's to print test and certify our inkjet products as fit for use on a wide variety of equipment. Domtar's products are optimized for runnability on press and through post-processing. Our surface treatment will enhance print quality compared to untreated stocks when using pigment inks. Our products are suitable for offset pre-print. As always, Domtar stands behind our commitment and our products.

The mark of responsible forestry

\$425,000

Donated to World Wildlife Fund each year from the sale of FSC® Certified products.

Domtar is pleased to make this annual contribution to support the organization's efforts to protect forests and other critical ecosystems.
