The Load 'N Go pack improves lifting and handling with a weight of only 25 pounds per carton and provides easier access with a fold out carton body. EarthChoice Load 'N Go is available in standard 8.5 x 11 sheets, with a 92 brightness and 20 pound basis weight.

EarthChoice Office Paper is certified to the FSC standard by Rainforest Alliance and is endorsed by World Wildlife Fund. FSC certified forests maintain biodiversity, protect water sheds and support the rights of those whose livelihood depends on the forest. Papers that are made from wood grown in forests that are FSC certified provide an environmentally responsible alternative to products with recycled content and a better choice than uncertified products.
