

ON PRESS WITH LYNX® OPAQUE ULTRA

This most recent installment of the Lynx® Opaque Ultra promotions, *On Press with Lynx® Opaque Ultra*, includes vivid imagery and a thematic use of bright color. The book shines a light on what really makes our paper stand out, while acknowledging the people who use it most: the printers of North America.

Each page focuses on the cooperation of both parties, because every great printer needs a sturdy sheet they can rely on. The brochure showcases the craftsmanship, service and dedication that occur behind the scenes of every great printed piece. Taking a slight departure from the metaphorical approaches of its predecessors – *On Press with Lynx Opaque Ultra* is a straightforward celebration of print; featuring brilliant color, spot metallic ink, satin varnish, foil stamp, and sculptured emboss to demonstrate the endless capabilities of Lynx.

Value you can count on, speed you can rely on, and a name you can trust. Lynx Opaque Ultra has a proud history of excellence, spanning over 25 years. So whatever the job, you can count on Lynx to keep pressing on.

Copies of *On Press With Lynx* are available at [SampleXpress](#).
