

## The Xerox® difference – A Xerox® Paper and Specialty Media Video

The Xerox® Paper and Specialty Media Line has long set the standard for performance in everyday, professional, and production printing. From multipurpose printer papers to digital printing papers and specialty media, the entire line is designed by Domtar and qualified by Xerox® engineers to ensure optimal performance and increased productivity for all types of print jobs.

The Xerox® difference means you'll get papers that are not only brighter, whiter and thicker... they'll also perform better. That means less machine down time for you, and higher quality, better looking results for you and your customers.

All Xerox® Vitality™, Bold™ and Revolution™ products come with a full performance guarantee that ensures your satisfaction – just another reason to look for the Xerox® difference.
