

Xerox® Paper and Specialty Media Catalog Now Available

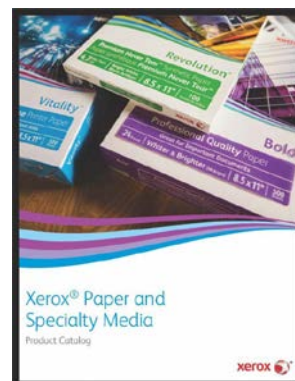

We are pleased to present the complete Xerox® Paper and Specialty Media catalog, reflecting the new product names and refreshed packaging for the line.

The Xerox® Paper & Specialty Media Line has been reorganized into the following three product families, to help customers make better paper choices based on their usage and project needs.

Vitality™ - a line of office papers that are great for a wide variety of uses and always provide great looking results.

Bold™ - a line of professional office papers and digital printing papers designed to give users the highest quality results, so that their work always looks a step above the rest.

Revolution™ - a line of specialized paper, films and materials that allow customers to create professional-looking marketing and business building tools.

The catalog features a refreshed, reorganized and revitalized look, along with expanded product information. The catalog is available electronically through the links below and in hard copy. Please contact your Domtar or Enterprise Group account manager to request a copy.
